TWBC is proposing to invest in the development of existing sports facilities within Paddock Wood. The revised Section 8.11 of the Sports and Recreation section of the TWBC plan includes this statement when referring to the track ***“Although an excellent local asset, and the only synthetic track in the Borough, it is limited by not having six lane all round. Future development of the track with club house provision at Putlands Leisure Centre creates the opportunity for this to become the athletics hub and centre of excellence for the Borough.”***

It is my view that the running track at Putlands in Paddock Wood urgently needs to be extended to a full 6 lane track in order to maximise the opportunities for residents of the town and local area and to continue to contribute to the health and wellbeing of its residents. It is an ideal candidate for borough funding and the use of section 106 funds.
