I personally think it's an absolute disgrace that you'd even think of something for this. Pembury is a village not a town. Cars are already speeding down roads with nothing stopping them from killing pets and hitting children who play around the area. We need the forest areas for protection of the planet and the ecosystem.

5) If you do not agree with the proposed Main Modification/ document please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the Matter you have identified in question 4 (above) where this relates to legal compliance or soundness. Don't build the houses, we don't need anymore houses around here. Cars speed like no tomorrow they killed my cat and will kill children who want to play outside and you suddenly want to add 50 more cars to that matter?! No one in the village agrees to this and yet you don't listen. You just think about lining your pockets more and more. There are pot holes everywhere not getting fixed and it will only make the village worse. Fix the real problems instead of adding new ones
