Firstly you've made this document deliberately difficult to navigate. 5 years ago we were presented with three large developments on all sides of the small town. We have been flooded with social housing from bankrupt London boroughs . No police station and we have escalated crime. We have permanent road closures trying to deal with water mains and sewage that simply can't cope with the existing expansion. We have no more Doctors and they now have closed lists. Hopefully the residents won't die at the same rate you need new spaces for them. We have limited rail capacity for those wishing to commute. We have a limited shopping centre with very tiny parking. We accept that housing is inevitable but surely we have already had our quota. Why is our town being deluged with 50% of new build. The T wells Borough is huge. we were promised an extra school it's now a field of weeds, another doctors surgery ? An improved sports centre for all these new residents, it's been cancelled. No police station or even an office regularly manned in the high street. we have increased burglaries, abuse,

Total infrastructure built and in place first. Not promised them disbanded. Builders know they can't sell all these houses so flats and dubious social elements are added. Your plans or lack of the, are destroying lives for so many others who chose to move here.
