I am writing responding to the Public Consultation on the New Local Plan Ref STR/SS 1. There are huge concerns personally and among residents of Paddock wood and the lack of amenities and infrastructure to even support the developments that we have had already! The doctors surgery is overwhelmed you can barely get an appointment, the schools are also overwhelmed. Our sports centre Putlands has had no upkeep for years and the ridiculous running track that was built at Putlands took away valuable space for football/rugby pitches for the future generations. We have no amenities such as a decent gym or swimming pool for future generations and serious consideration needs to be taken with developments with regards to flooding. You need to consider that the houses that have already been built are overwhelming this town already.

Kirsty Hesmer
