Traffic through Five Oak Green is bad during rush hour. A lot of the properties that face onto the Five Oak Green road were built at a time before cars, and as such have no off-street parking. The residents of Falmouth Place (those properties who front onto Five Oak Green road) have take to parking on the pavement so that traffic may still flow along the road somewhat unhindered, but if you have large goods vehicles going through this can back the traffic up for a while. It can also make crossing the road at various points dangerous

A bypass to the village is still a viable option. It would improve air quality and safety to the village residents
