Or if you wish to support the legal compliance or soundness of a main Modification/ document, please also use this box to set out your comments.

I do not believe the proposed modification of access via church road to be sound. There is already a strain of traffic on Maidstone road, at the junction of Church Road due to the primary school. The junction in itself is an accident waiting to happen, where cars on both sides of the road block a drivers view when pulling out. Church road itself gets congested during school pick up and drop off times. I believe adding more traffic to this area would likely cause an accident involving a child or family. The limited width of church road would cause issues for emergency services also.

5) If you do not agree with the proposed Main Modification/ document please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the Matter you have identified in question 4 (above) where this relates to legal compliance or soundness. Please be as precise as possible.
